

We are learning to make number bonds to 5.

Can you colour each of the Numicon snail's shell to make the number 5 in different ways? Make sure to write the number sentence too. The first one has been done for you...

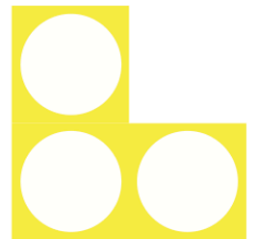

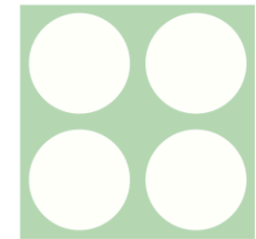

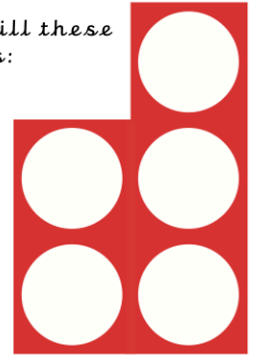

$$3 + 2 = 5$$

Numicon up to 5

Today you will use these pens/pencils:

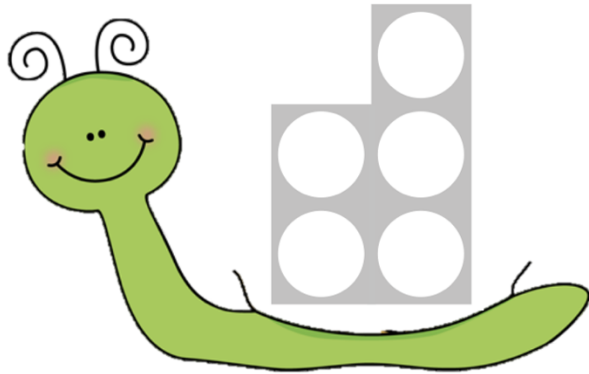

- red
- green
- yellow
- blue
- orange

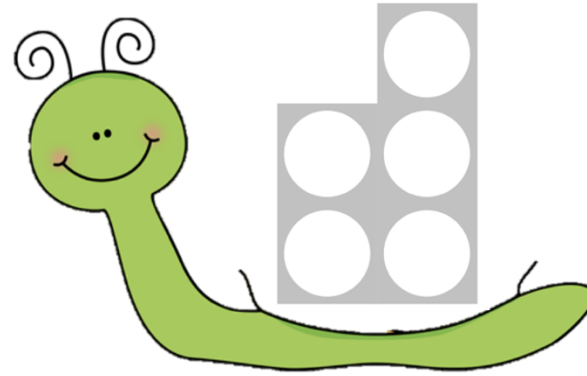

Remember to include the reverse ones as well (e.g. $3 + 2 = 5$ and $2 + 3 = 5$)
