

How many different dinosaurs can you see on the first page? Can you choose a colour for each dinosaur? For example, you could colour in all of the T-Rex using a green colouring pencil. Please read the number sentences on the second page and work out the answer when you add two groups together.

L.O. We are learning to add two sets of numbers to 10.

Dinosaur I Spy

How many different dinosaurs can you see on the first page? Can you choose a colour for each dinosaur? For example, you could colour in all of the T-Rex using a green colouring pencil. Please read the number sentences on the second page and work out the answer when you add two groups together.

Dinosaur I Spy and Add to 10

Count the number of each type of dinosaur picture needed in the addition number sentence. Write the numbers in the boxes to create and solve the addition number sentence

 $\square + \text{Triceratops} \square = \square$

 $\square + \text{Triceratops} \square = \square$

 $\square + \text{Triceratops} \square = \square$

 $\square + \text{Velociraptor} \square = \square$

 $\square + \text{Triceratops} \square = \square$
